Rimôn Principles

Consistent Excellence

We keep ourselves to the highest standards of quality in the profession. Our clients should never have to settle for anything less. Our attorneys were curated from the top-ranks of the best law firms in the world, ensuring that we have the A-team of experts on any given matter.

Agility

Rimon was structured to be flexible, allowing our attorneys to work with clients in a way that suits their particular needs, rather than a one-size-fits-all approach.

Dynamic Innovation

Every day we look for ways to improve the way we work with our clients and with each other, whether by use of technology or other means. This ensures we are at the cutting-edge of legal innovation.

Efficiency

We were built to provide the most efficient service to our clients. Our attorneys are not learning on the job. The right people and tools are employed in every representation to make sure the work is always done in the most expert and efficient manner.

Teamwork

We are a close-knit team of experts leveraging technology to increase effective teamwork to best serve our clients.

TEAMWORK

We believe clients receive the best representation when attorneys with relevant expertise work together.
Our compensation model, technology platform, and firm activities are built around this concept.

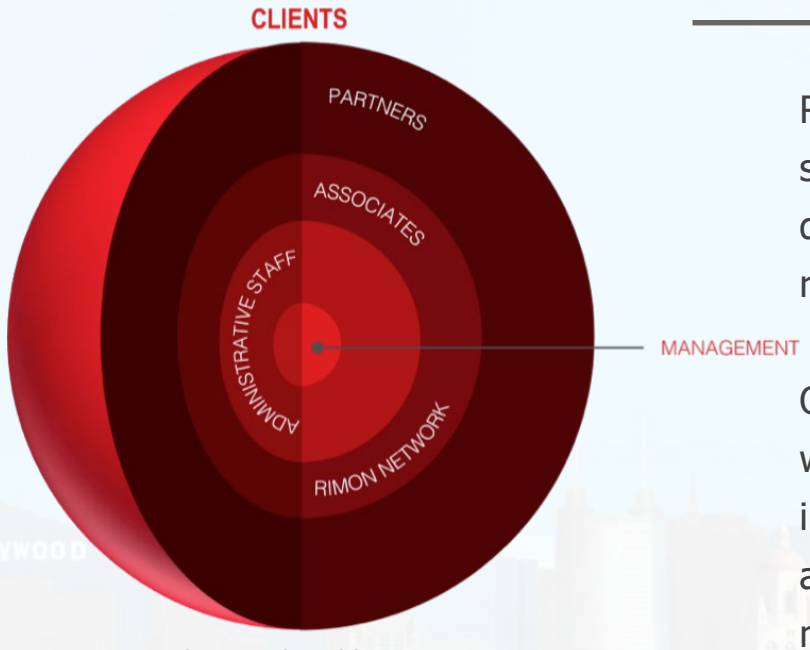
INNOVATIVE BUSINESS MODEL

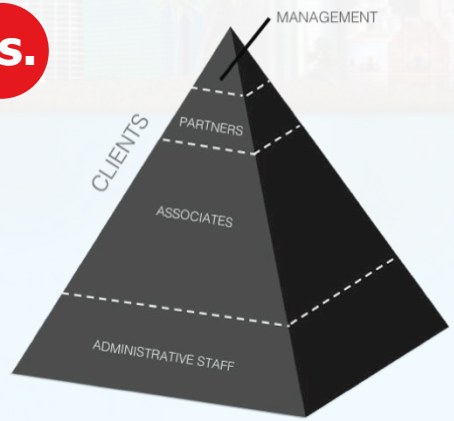


Product produced by Partners

Rimon has received **international recognition** for its spherical organizational structure. It allows for an agile and dynamic team that works closely together to efficiently respond to client needs.

Our **experienced partners** form the surface of the sphere, working directly with clients without bureaucratic interference. They are fully supported by a close team of associates, Rimon Network, administrative staff, and management.

vs.



Traditional pyramid structure

Product produced by Associates

Benefits of spherical structure:

- No hierarchy among partners
- Compensation aligned with clients' interests
- Agility
- Reliable excellence
- Teamwork
- Stability
- Dynamism
